

Change color prompt

Procédure pour personnaliser le prompt Bash

- \u : Display the current username.
- \h : Display the hostname
- \W : Print the base of current working directory.
- @ : Display current time in 12-hour am/pm format

```
$ export PS1="\u@\h \W \@"$  
[linodadmin@centos-01 ~ 01:50 PM]$
```

Pour le rendre Permanent copier-coller PS1 Value dans le .bashrc à la fin du fichier

Exemple (config srv)

```
#!/ $ export PS1="\[\033[01;33m\]\u@\h[\033[00m] ~ [\033[01;30m]\w[\033[00m] $\n"
```
